Bradford, Massachusetts

Dear OM:

Thanks for your QSL. It is always nice to hear from you DXer's, and to know that you are listening to our station.

The transmitter here is a RCA BTA 250 M. We are running 250 watts of full-time power to a 150-foot antenna non-directional, and will soon be increasing our power to 1000 watts.

Thank you for your interest and please keep listening.

73,

Howard Leyland
