Mr. S. R. Morss  
R. # 3  
Bradford, Mass.

Dear Mr. Morss:

The management and staff of WCMB appreciate your report of their signals in Bradford, Massachusetts.

WCMB uses a Collins 20T 1000-500 watt transmitter and 240 foot triangular guyed tower which is series fed.

We wish you continued interest and good luck in your hobby of DXing.
