

WHYL

South Central Pennsylvania's Music Station serving  
half a million listeners with "Music a la WHYL."

WHYL BUILDING -:- CARLISLE, PENNSYLVANIA

December 30, 1952

Mr. S. R. Morss  
R. D. # 3  
Bradford, Massachusetts

Dear Mr. Morss:

Your very welcome DX report was received  
and noted to be correct.

I hope you will forgive the delay in  
answering, but we are undergoing very extensive  
construction changes here at WHYL.

WHYL (formerly WLXW) is a kilowatt,  
independent daytimer, using RCA equipment. Our  
tower is a simple, non-directional, guyed type, 200-  
feet high, and we operate on 1380 kc.

Once again, my sincere appreciation for your  
report.

Very truly yours,

  
J. Simmons,  
Chief Engineer, WHYL
