Dear Sir:

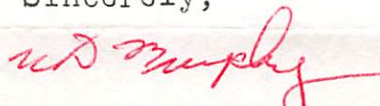

Thank you for the reception report of WLEM's  
DX Program 20 January 1960, 0400-0430 EST.

Your report checks accurately with our program  
log, and we are very happy to verify your reception  
of WLEM.

We hope this program was of interest to you  
and other DXers. We were glad to help the DX fans.  
Have lost much sleep chasing 80 meter DX. My ham rig  
is at WLEM's shack, and have arrangements to switch  
the 205' tower to the 80 M rig. The tower also makes  
a pretty good broadcast band receiving antenna!

Thank you again for the report, and perhaps  
we may hear from you in the future.

Sincerely,

W. D. Murphy, C.E.
