

WOYK 13 $\frac{1}{2}$ am

Stanford R Morss
R 3
Bradford, Mass 01830

December 28, 1981

Dear Mr Morss:

Thank you for your reception report of Radio Station WOYK on December 12, 1981 at 2213 to 2226 EST.

Standard Broadcast Station WOYK went on the air in 1932 as WORK at 1320 KHz. In 1942, the frequency was changed to 1350 KHz, and in 1950, the power was increased to 5KW. In 1973, the call was changed to WZIX, and on Thursday, October 22, 1981, WZIX left the air, and WOYK returned on Sunday, October 25, 1981.

Radio Station WOYK is owned and operated by the Baltimore Radio Show, Inc, which also owns WFBR and WBKZ, Baltimore, MD. The WOYK studios are located at 2 West Market Street, Third Floor, Market Street, York, PA. Our transmitter is located at West York at 39°56'00" North by 76°49'06" West.

WOYK operates with a 5KW non-directional pattered daytime, and a 1KW three tower directional pattern nighttime, with the major lobe to the northeast. Our main transmitter is a Harris MW-5A, and our backup is an RCA BTA-5F.

Again, thank you for your DX. At this time, we do not have QSL cards, however, as soon as we have new cards printed, I will send you one.

Sincerely,

Kenneth W Hart, CE.
