S. R. Morss
R3
Bradford, MASS 01830

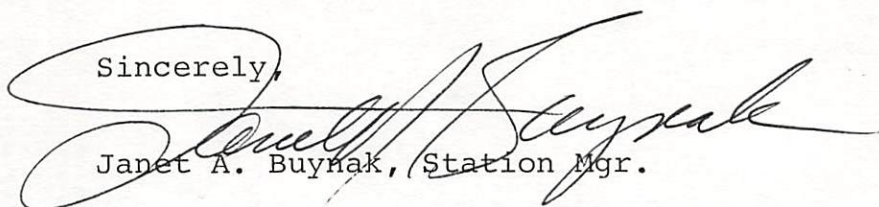

Dear Mr. Morss:

Received your letter. We have had other people in MA receiving our signal also.

We have been in operation since April 8, 1981. Have a array of 4 directional towers on 27 acres of property. We have a new building which we designed ourselves. Our equipment is new and geared for AM Stereo, which we will eventually change to. We are in the process of acquiring a sattelite dish as we are a CBS affiliate.

Everything you heard is on our logs. This is to verify your reception of our station.

Sincerely,

Janet A. Buyrak, Station Mgr.
