R.R. No. 3
Broadford, Mass.

Dear Sir:

This verifies your reception of WRTA, 1240 Kilocycles, during our special DX program, Monday morning, December 15, 1947.

Our transmitter and studios are located on the 5th floor of the Penn Furniture Company Building. The transmitter is a Temco model, 250 GSC. modified for broadcasting. The antenna is a lingo type, top loaded, 170 feet high and standing on an adjacent building 3rd floor roof, leaving the top 220 feet above the street.

On behalf of the entire staff and management of WRTA we extend season's greetings and best wishes for the new year.

Thanking you for your interest, I am,

Very truly yours,

Joe Pelletier
Engineer N. R. C.
