Dear Mr. Meress:

This is to confirm your reception of "WHIM COUNTRY ON WICE" on
26 Jan. 92.

At this point we are still WICE. The country music people had
no place to go when 1110 went to CNN NEWS and they needed a
place with a good signal.

Keep on the line, there are more good things to come.

Best regards:

Norm Allebaugh C.E.
