Dear Mr. Morse:

My sincere apologies for getting back to you so late about your DX reception of WLKW. I checked our logs both music and program and found that most of what was contained in your report was accurate with the exception of the music rotation at 2:31PM, 2:33PM and 2:37PM. Our logs show that the proper music rotation occurred; but it is not reflected in your report.

My apologies once again for taken so much time to reply to you and my thanks to you for writing to us. We hope to hear from you again in the future.

Sincerely yours,

  
Art Soares

Program Director
