Bradford, Mass;

Mr. Morss:

This will acknowledge with appreciation your verification report on our Special DX Program Monday December 1, 4:00-4:30AM EST.

It is a pleasure to verify your reception, which is correct according to my log. It was also a pleasure to program for all the DX'ers. We have had, to date, about 27 replies to the test.

So far, all the reports I have had are from Members of the NRC, but if any non members should write in, I will forward the names to you.

I would also like to express my thanks for the nice write up in the DX News.

Sincerely,

Bill Arrington
