Mr. S. R. Morss
Route 3
Bradford, Mass.

Dear Sir:

We are happy to confirm your report on 1-28-48 from 3:29 to 3:49 AM, CST. We will be glad to hear from you at a future date if you are able to make out our signal over the interference.

We have Raytheon equipment throughout, using their RA 250 transmitter, wincharger 150' radiator with 1500' of four wire open transmission line.

Hoping to hear from you again, I remain

Sincerely,

John H. Fleet
John H. Fleet
Chief Engineer
