

WCLC

Jamestown Broadcasting Co., Inc.

The Voice of Pentress County

Jamestown, Tennessee

1260 KC
1000 WATTS

January 12, 1958

Mr. Stan R. Morss,
R. 3,
Bradford, Mass.

Howdy Stan:

This will confirm as correct your reported reception of signals from WCLC during our DX test broadcast on Monday, January 6, 1958.

The Spanish QRM that you mentioned was from HJKN as they were identified here just before we went on the air. XEL signed/off at 2:30 AM, EST.

Yours is our first report of reception of our signals from the state of Massachusetts, since WCLC went on the air in October 1957.

Thank you for your very nice report.

DXingly yours,

Bill Prater

William J. Prater, NRC member,

for James W. Spires, C.E.
