Mr. S.R. Morss
R. # 3
Bradford, Mass.

Dear Sir:

This will serve as verification of your reception of this station on our equipment test October 22, 1946. Your report must have been lost or misplaced for I have not been able to find it as yet. Our mail is delivered to the studio, which is in town, so may have been lost there. I regret very much that this has happened but your report is not the first to be misplaced.

In the event that you are interested, we conduct our weekly frequency test on each Monday morning from 3:10 to 3:20 A.M. Eastern Standard Time.

On behalf of the staff and management of WENK, I want to thank you and also to make an apology for the delay in sending you this verification.

Respectfully yours,

James S. Thomas
