

"YOUR GOOD NEIGHBOR STATION"

**WCNS**

**MURFREESBORO, TENNESSEE**

**1450 KCS**

Dear Sir:

Received your DX letter recently and were very happy to get it. As this is a new station we have no regular QSL cards as yet, but this will serve as your verification until we send you one. Thanks for your report and we will appreciate any monitoring of our station in the future.

We went on the air Dec. 31 1946, operating on 1450 kcs. 250 watts using half-wave antenna. Height approx. 330 ft. Freq. test schedule ~~XX~~ 3:30 to 3:40 A.M. (CST) daily except Sunday. Thanks again and hope to hear from you again in the future.

Sincerely yours,

*J. B. Thompson*

Engineer
