Sir.

We are pleased to hear your kind report and this is to verify your reception of Radio Station WJJM on the morning of December 22, 1948. You have received and given a more complete report than any we have ever had. We appreciate this report most kindly. I am speaking on behalf of the chief engineer and myself and the management when I say that. We thank you most kindly and hope to hear from you again if you hear us thru unusual conditions.

Yours Truly.

Lee Thompson, W40 GA
