Bradford, Mass.

Dear Dx'er:

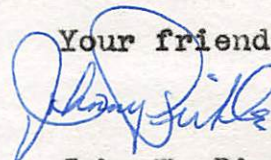

We would like to verify your report of reception of WLAR on Monday, December 28th, 1959.

WLAR Radio, 250 watts, fulltime on 1450 kilocycles, was very happy to conduct the special DX program for NRC on that date, and it was certainly a privelege for us to emcee same.

**REMARKS**-Your report, I am happy to say, is very correct, and we are glad to verify same. Your'e northernmost letter to mention WSKP, Miami. Hope you confirm them if you haven't. Best of all in '60.

Thanking you again for your report, and wishing you continued success in your wonderful hobby, I remain

Your friend

John W. Pirkle
