Dear Sir:

Thank you very much for your nice report of the reception of W S E V during our frequency check Nov. 8th. I have checked the log and found your report correct, so this letter will verify your report.

W S E V is located at the foot of the Great Smokies 25 miles from Knoxville, Tenn and 15 miles from Gatlinburgh which is a vacation spot for the nation.

W S E V operates on the power of 1,000 watts. All the equipment is made by Collins using the 20-V transmitter. The antenna is a 300 foot stainless steel tower with 240 ground radials and a 48 X 48 foot ground screen.

If at any time you should be in this section please drop in on us for a visit.

Sincerely yours,

*R L Carr*
