R.R. No. 3
Bradford, Mass.

Dear Sir:

We wish to acknowledge your letter of December 7 stating that you had heard signals from WTRB.

We would like to confirm that your log is correct and we appreciated hearing from you very much.

WTRB is using all new R.C.A. equipment with RCA-BTA250 watts transmitter. We have a 200 ft. tower and day time reception has been received good for about fifty miles radius.

Ripley's Radio Station, WTRB, went on the air for its first time Saturday, December 11 at 7 o'clock.

In closing once again we would like to say thanks.

Yours very truly,

Earl W. Daly
