

Dear Sir:

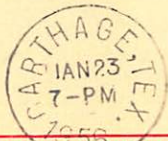

We received your report of reception some days ago, and appreciate it very much. I must say our report is quite accurate. I'm sorry I haven't confirmed scores, but first one thing and then another came up and you know how it goes.

We were lining up both our frequency & modulation monitors; also the limiter amplifier.

Thanks again for our report
God luck on our DX-ing, I
remain,

Sincerely yours,
Joe Kranger, Chief Eng.
