Dear Mr. Morss,

In response to your letter of December 22, 1956 I am happy to confirm your report of hearing us. On checking the engineering logs I find we were on the air from 2:58 until 4:01 A. M. C S T for program tests. I am sorry that you had to wait so long for a confirmation. I was not here at the time and I guess the fellows here then just didn't get around to answering your letter.

I've just recently came here as a disc jockey but I also hold a first class license and help in the engineering dept. as the chief engineer is also the manager and he is rather busy most of the time.

Yours very sincerely,
