Mr. S.R. Morris  
R. 3. Bradford, Mass.

My Dear Mr. Morris:

Glad to hear from you again.

I've been very busy again as usual  
hence the delay in answering.

I see it's turning winter up Mass. way.  
Wx been very nice so far here. About 70 today.

I also got reports from Denver, Wichita  
and Memphis last week.

The log submitted is correct, so this  
will verify your reception of our little 250watt.

Since we are on 24 hours a day, we will  
be glad to dedicate an hour program to your  
National Radio Club members and announce  
names of reports to date some nights between 1 and  
2 AM if your organization desires. Let me know  
if interested.

Very truly yours,

O. B. Crossland,  
Chief Engr.
