Dear Sir:

This is to acknowledge your reception report of July 14, 1948. We are most happy to receive yours and the dozens of others who have responded to KSWA's equipment testing.

We think you fellows mean a lot to commercial radio stations in enabling us to properly evaluate signal strength; and, we will be glad to hear from you at any time in the future that you should be able to monitor our broadcast signal.

Gratefully yours,

Vance Newsom
