Country Music Radio in Bluefield

P. O. Box 509  
Bluefield, Virginia 24605

10,000 Watts at 1190 Khz

3,000 Watts at 106.3 Mhz FM

DATE: March 5, 1982

SUBJECT: VERIFICATION OF RECEPTION.

On: March 1, 1982

This is to certify that S. R. Morss  
of Bradford Mass. has given a true and  
accurate reporting of the programming of WBDY-AM on the  
above date.

WBDY-AM is the Bluefield area's newest radio station, operating  
at 1190 Khz with an effective radiated power output of  
10,000 watts. We use a two tower directional antenna array,  
and our transmitter is a 1980 model Harris MW-10.

WBDY-AM is a daytime station. WBDY-FM operates from 5:00 A.M.  
until Midnight each night. The stations are presently  
simulcast.

Signed.

Michael V. Brown  
STATION MANAGER  
WBDY RADIO
