2/27/62

Dear Mr. Mason:

Thank you for your reception report dated 1/20/62. We believe that one of our staff has previously replied to your reception report; however, it is possible that original reply was lost in the mails.

This, then, will serve as confirmation of your findings. We are sorry to report that W 2 Y L burned on Jan 17, and is now in the process of being rebuilt. Just you will hear us when we again obtain approval from FCC for program tests after building is rebuilt and new equipment has been installed.

Sincerely
John Lawrence pres.
