WINC BUILDING -- WINCHESTER, VIRGINIA

January 17, 1956

Dear Stan,

Thanks so much for your report of reception of WINC's dx program on January 8, 1956. I've checked it with our log and it is very accurate, therefore, this is your verification of reception. Watch the NRC bulletin for complete breakdown on program. Glad you were able to pull us through the mess.

Pardon this for being brief, but I have so many reports to answer and must get along with the job. Great dx to you.

Radiocordially,

Phil Patten
