Dear Stanwood:

This is to confirm that on March 2, 1978 you did in fact monitor radio transmissions from our station, WKDW, Staunton, Virginia. Your log of programming was near perfect when compared to our actual program log.

We have recently heard from several "distant" listeners toward the North. The most recent was from Easton, Pennsylvania. To date, your reception covers the greatest distance that has been reported.

Thanks for letting us know.

Sincerely,

Bill Betlej
