Mr. S. R. Moss  
R. R. No. 3  
Bradford, Mass.

Dear Mr. Moss:

Many thanks for the report on WKLTV's equipment test on the morning of September 5th. Your report tallies with our program logs here at WKLTV. Hope you will accept this letter head as a letter of verification until we have some cards printed up.

Equipment here is Gates 250-C transmitter, 153' vertical tower with an excellent ground system buried in swamp land.

WKLTV runs a DX program the second Wednesday in each month from 3am EST to 4am. If you are up one of those nights "burning the mid-nite oil then dial us in again.

Again thanks for the report and

Good DX'n,

David O. Guthrie, Chief Engineer WKLTV
