Dear Mr. Morss:

I received your letter of January 16th stating that you logged our signal on January 14th. This is to verify that we were on the air at that time and appreciate very much the fact that you were interested enough to take time out and write us a letter.

I am sorry it took me so long to answer your letter but I have really been busy getting everything lined up for our new station. I guess you have an idea of the many things I have had to do and am still doing.

Again I'll say I appreciate your letter very much.

Yours truly,

Augie Bender
