990 KILOCYCLES---1000 WATTS

## *Giles Broadcasting Company*

*Serving The New River Valley And Surrounding Territory*

NARROWS---PEARISBURG, VIRGINIA

February 18, 1954

Hi Stanwood,

Received your letter and ~~everything~~ you said in it is true, we here at WNRV did do a regular Monthly frequency check on February 15, 1954. from 5:10 to 5:24 Am.

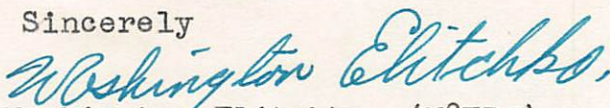

We use a 500 cycle tone along with voice which identified the station as being WNRV.

I am going to do another equipment check on the 22, day of February from 5:10 to 5:20 Am so if you are up and listening you may get us and if you do you can drop us a letter or card, we welcome all letters and cards.

Well I guess I better close for now but before I go I wish you lots of luck in your DX. along with your regular work and if you ever hear us again be sure and drop us a card or letter.

So long for now.

Sincerely

Washington Elitchko (W8FRJ)  
Chief Eng. (WNRV)
