Route # 3
Bradford, Mass

Dear Stanford,

We were very proud to hear from you at this time. Your information was correct.

We do hear from many radio clubs all over .We are a small station only 250 watts at this time. And a all country and gospel station also.

Enclosed you will find some information on WPWC and we hope it will tell you all about us, and the area we serve.

Thank you for taking time out to write us, we do appreciate it very much.

Always country,

Doris Woolfenden
