Dear Mr. Morse,

Apologies for a belated confirmation of your reception of WRAR AM, 1000 KHZ on January 10th, 1973 at 505 PM E.S.T. All logging details were correct.

We have been building new stereo facilities for the last 4 months - and the Chief is going round in circles - so, answering for him and wishing you continued success in your DX'ing -

I Am,
John J. Heimerl
