A Personal Note-----

I wish I could write to each of you in person. Frankly, because I have over 100 DX replies to mail out I just can't do it. I hope the "verie" I am enclosing is worth waiting for. It got held up at the printers and I just got the copies back today. I had a lot of fun designing it and I hope you will like it. DX'ing is a great hobby and from what I know of the DX'ers in NRC they are a great bunch of fellows. All the reports I received from the DX program were neat, accurate, 95% had return postage and all were friendly and helpful. WSIG was heard from New Hampshire to Florida and from Washington to southern California--in other words the program was a big success. Oh yes, we heard from our friends in Canada too. Thanks so much for writing and in closing once again let me say how sorry I am for the delay.

My Best to you All.

Phil Potter
WSIG
