Dear Mr. Morss:

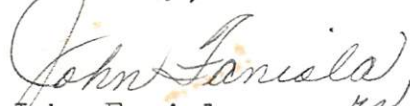

This letter confirms your reception of our station on November 18, 1971 at 5:03 EST until 5:14 PM EST.

WZAP operates with a power of 10,000 watts with a 22 year old Raytheon transmitter. The antenna is a 280 foot guyed vertical tower.

WZAP are the call letters of the new ownership of last December. The station was originally WCYB.

We certainly appreciate your interest in the station.

Sincerely,

John Faniola
Chief Engineer
