RE Test Broadcast

Dear Sir:

Thank you very much for your reception report No. _____
of Feb. 29, 1948 which we received _____.

The program log which you supplied was: accurate and was
very much appreciated.

We are using a Gates No. 31-B DeLuxe console and a
type 250-D Gates transmitter. Our antenna is of the vertical
radiator windcharger type, 250 feet high.

We will appreciate any further reception reports that
you may be able to send.

At your service,

H. W. Wardwell

Chief Engineer, WATK
