BELOIT, WISCONSIN

1000 WATTS AT 1380

"HUB OF THE NEW TRI-CITIES"

April 25, 1951

Mr. Stanwood R. Morss
R. R. No. 3
Bradford, Massachusetts

Dear Mr. Morss:

This is a belated reply to your report of reception of WBEL.

The information contained in your report is entirely correct.

We are fortunate enough to have our frequency checked during our scheduled hours and have test periods only on the occasions the transmitter checks can't be made with a dummy antenna.

Your first report must have been sidetracked during a change of personnel at the studio. We're sorry.

Please accept this as the verification you requested.

Regards,

George H. Reynolds
Transmitter Engineer
