Mr. Stanwood R. Morss  
Bradford, Mass.

Dear Sir:

Nice to know that our station is putting a signal into  
Mass., even if it is a weak one.

It looked as if our local Community Fund Drive was going  
to fall short of the desired goal, and ~~in~~ we stayed on the air for  
about three extra hours, in an effort to raise some money for the fund.

It was during that time that you picked us up.

From last reports, the fund was nearing the desired goal.

If you desire any more information about the above program,  
I will be pleased to get it for you.

Yours truly

*Leslie A. Cox*
