Bradford, Mass.

Dear Mr. Morss;

This is to verify your reception report on WOSA on March 12, 1953. WOSA conducts a regularly scheduled frequency monitoring program the second Thursday of every Month from 1:15 AM to 1:30 AM C.S.T..

All transmitting equipment at WOSA and WLIN its FM affiliate is Collins. WOSA operates at night with a four tower directional array. We are also increasing power and moving our transmitter site to Wausau in the near future, where we will employ a six tower directional array at night and a two tower directional array during the day.

Thank you for your reception report. We are happy to have WOSA added to your long list of DX verifications.

Sincerely,

A handwritten signature in blue ink that reads "Chris R. Zercher".

Chris R. Zercher
Chief Engineer
WOSA & WLIN
