Maurice W. Nittler,  
Box 94,  
Geneva, Nebraska.

Dear Maurice:

Many thanks for your letter, on the report of our signal in Geneva Nebraska.

As you may know, we are just a new station, having been on the air for just two months now, and all reports that we receive are greatly appreciated. As far as we know, our signal is getting well into the United States as we have had reports from Tennessee, New Jersey and points in central portions of your country.

We are going to have a DX program on Monday February 14th, from 2:30 - 3:30 MST for the National Radio Club, and we certainly hope that conditions will be favorable at that time and that we may hear from many members in the States.

Once again, thanks for the report Maurice,

Sincerely yours,
