Mr. Maurice W. Nittler  
Box 94  
Geneva, Nebraska

Dear Mr. Nittler:

This will acknowledge, with thanks, your recent communication advising of reception of WABB in Geneva on September 24.

It is a pleasure to hear from you and to verify your reception.

WABB operates on 1480 kc with a power of 5,000 watts day and night. A non-directional antenna is used for day and a four tower directional antenna is used at night.

Thank you for your interest in sending a report. It is our wish that you may again enjoy good reception.

Very truly yours,

*William H. Murphree*
