ALBERTVILLE, ALABAMA  
Nov.1,1955

Mr. Maurice W.Nittler  
Box 94,  
Geneva,Nebraska

Dear Sir:

I am very happy to verify your report of reception of WAVU, with the "Progressive Farm Hour" at 5:02AM,CST, on October 29,1955,sponsored by the Check-R-Board Store in Albertville.

I would like to suggest, if you are an FM listener to try for our FM outlet on 105.1 Mc. We have had a report from Duluth Minn. on FM, maybe you could come across it sometime when conditions are right.

Albertville is located in the Northeast part of Alabama in the heart of "Sand Mountain" a very fine Farming area, known locally as the "most densely populated rural"area" in the nation. This is the Broiler growing area in Alabama, second only to Georgia, and we think rapidly overtaking them. Cotton, corn, cattle and hogs, make up the remainder of our agricultural production. Albertville's population is around 6000, Boaz is 3000, four miles away. We are ten miles from Guntersville Lake on the Tennessee River, a fine resort for fishing, boat racing, and water sports. We also have several industries, such as Rubber tile, Electric appliances, Feed mills, clothing plants etc.

If you ever get "downSouth" drop by our station, we'd be glad to have you. Thanks for the report.

Sincerely,

*Thomas E. Killian*
