Dear Mr. Nittler:

I wish to apologise for not answering your DX report of last October 21st sooner but it was overlooked. I assure you that it was unintentional as I do try to answer all the reports we get from our DX friends.

We still have the report and this letter will confirm it. It was a good report and we appreciate your sending it to us.

Thanks a lot and here's hoping you have the best of luck in all your future efforts.

Yours sincerely,

Charles Tucker
