Mr. Maurice W. Nittler  
Shickley, Nebr.

Dear Mr. Nittler,

Thank you so very much for the report of our reception up there in Shickley. It is good to know that we were putting a fairly good signal in there. We also got a good report from a ham in Okla. City.

K B R S uses a Gates 250-C transmitter fed into a 150 foot tower.

Again, thanks for the report.

Bill Ussery

Chief Engineer KBRS
