Maurice W. Nittler

Dear Sir:

This is to verify the fact that you did hear station KDAS on the morning of March 11.

Thanks for your letter. We have received several DX Reports on the tests we run. It makes the bosses feel good.

I make our frequency check each month on the second Wednesday morning of each month from 5:20 to 5:40 am. This consist of a 500 cycle tone with signal identification about each five minutes. Listen for me some time.

yours truly
John R. Williams C. Eng
