Dear Sir:

This is to confirm that KOTN was on the air
2:35 to 2:50 AM CST Thursday December 16, 1954
for our regular frequency check.

KOTN operates on 1490 KC with a power of
250 watts (transmitter RCA 250K) and employs
a vertical radiator type antenna.

We are very glad to receive your report of
reception.

Yours very truly,

B. J. Parrish
