Hello from Arkansas

Thanks for your letter indicating that you had heard KWHN on the 1650 frequency. KWHN has been on the air for over 50 years at 1320am. We have just recently expanded to 1650, while we maintain the 1320 signal as well with the new call-letters KYHN. Most of our programming is simulcast with those two signals. Listen when you can and I hop you enjoy what you hear.

Sincerely,

Gary Elmore
