Dear Sir:

We were very pleased to receive your letter stating you had received our frequency test in Denver on January 7, 1963 at 1:32 a.m. and signing off at 1:45 $\frac{1}{2}$. We were happy to know that we boomed into your area.

It was good to hear from you up there in Denver as I am a former Colorado resident of Estes Park & Loveland. If you are ever in this area be sure to drop in and visit the station.

Yours very truly,
