Mr. Bill Nittler  
603 West 1st.  
McCook, NE 69001

Dear Bill,

I received your letter dated November 4, 1975 concerning our frequency measurement test. I would like to verify that we were on the air as indicated in your letter. We make our frequency measurement tests on the first tuesday after the first sunday of each month.

Its always very interesting to me to know we are being heard such a long distance away.

Thank you for your letter.

Yours truly,

Ward Belliston  
Chief Engineer: KATO
