Mr. Bill Nittler  
P.O. Box 824  
Mancos, Colorado 81328-0824

Dr. Mr. Nittler,

I am writing this letter confirming your reception of KAZG-AM "Arizona Gold 1440". We are always pleased to get reception reports from DXers from all across the country. The oldies format went on the air last April 1 replacing the simulcast with KSLX-FM, our sister FM station. Our tower is located in Scottsdale, Arizona and is shunt fed by a Harris Gates Five transmitter at 5KW daytime.

We thank you for listening to KAZG and hope you tune us in soon.

Sincerely,

Gary Jacques  
Chief Engineer
