Entravision Communications Corp.

Radio Station KBMB-AM

501 N. 44th Street, Suite 425

Phoenix, AZ 85008

Congratulations Bill!!

Your reception report of our AM radio station is correct. We were in the "daytime" operating mode with 23kw. coming out of the Nautel transmitter.

Enclosed are my business card and a magnet for your board. We don't have any bumper stickers.

It has been a while since I've received a reception report on any of the AM's that I've taken care of. My last gig was a 50kw out of Grand Junction, CO on 1100-AM. Been 6 years since I was there.

Thanks again for the note.

Dwight C. Morgan

Chief Engineer, KBMB
