Englewood, Colorado 80110

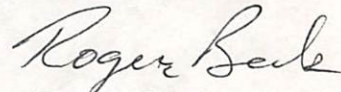

Dear Bill,

This will verify your reception of our DX program which we conducted in co-operation with the International Radio Club of America on February 24, 1969.

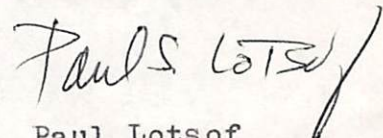

You weren't the only one who enjoyed Paul Lotsof's phone conversation with Don Erickson. It nearly blew Paul's mind!

We regret the delay in answering your report.

Sincerely yours,

Roger Beck
Chief Engineer

Paul Lotsof
IRCA test arranger
